

United States Happiness Index

Years 2008 - 2020

Source: World Happiness Report 2021

Summary: A chart displaying the correlation between the United States' "Life Ladder" scores and "Support Support" scores from the 2021 Happiness Index Report.

Life Ladder - Overall happiness in life, scale 0 - 10 (10 being extremely happy)

Social Support - If family or friends exist to support the individual, scale 0 - 1 (yes or no)
